A.B.C. TO OPERATE TOURISTS BUREAU DURING SUMMER

Will Ask That Lake Villa-
Antioch Road Be
Improved

Operation of an information bureau under the auspices of the Antioch Business club was assured by action of that body at the meeting at Rother's hotel Monday evening. A committee to consist of Otto Klass and W. R. Williams was appointed to secure a location. The tent and awnings belonging to the Business club which were in use in 1925 will be used and it is anticipated that the committee will secure a location somewhere on Main street. The club will open the bureau as soon as arrangements can be completed and keep it in operation until after Labor Day according to plans made Monday evening.

Ask Improvement of Road

On vote of the assembly a committee was appointed to get in touch with the state and county road authorities and ask that action be taken to improve the stretch of road between Lake Villa and Antioch, which is now in such deplorable condition. Pending settlement of the dispute over the railroad crossing, it is to be urged that the proper authorities grade the road and put it in shape for the heavy demands that will be made upon it by the summer traffic. H. J. Vos, W. R. Williams, L. A. Rother, and R. A. Shults were named to represent the club in the matter.

Road Signs Reconditioned

The assembly voted to repair, repaint, revarnish and recondition all road signs erected by the club three years ago. C. R. Wentworth, who made and erected the signs originally will be in charge of the work.

Mr. Hargrave of the Hastings Lake Y. M. C. A. camp was a guest of the club and gave an informal talk on the work conducted by the Y. M. C. A. at the lake. According to Mr. Hargrave the two camps belonging to the organization will accommodate 250 boys at a time. They will be opened on June 25th and from then on until Labor Day will entertain boys in groups of 250, each group to remain for two weeks. The camp will be used for a recreation camp exclusively.

Great Epic Picture of World War is Coming To Antioch Next Week

"Men of Purpose," the great epic picture of the World War, is to be presented at the Crystal Theatre on next Monday and Tuesday evenings, June 20 and 21, through the efforts of the local American Legion Post. Members of the post have seen the picture and, because they recognize it to be the greatest war picture ever shown in America, have obtained it for presentation to Antioch people.

"Men of Purpose" commands the attention of everyone because of the fact that every scene in it is absolutely authentic and is a picture of actual occurrences in the war. "Men of Purpose" gives more thrills and has more appeal than any director or producer has ever yet been able to bring to the silver screen; the reason is that it is real in every respect of the word. There are no movie heroes, but all the characters—and there are millions—are heroes, and it shows the complete picture of the World War.

Soldiers from every country that comprised the Allies are shown doing their "bit" for humanity's cause; and to make the picture complete, the Central Powers—Germany, Austria, Turkey and Bulgaria's armies and navies are shown in action against the Allies. The story is based on the official records and reports of the generals in command of the forces of the different countries. It is the one motion picture of the screen age, one that is almost unbelievable; it cannot be compared with any other picture—it is too great—too stirring—too real.

The above picture is booked for two nights at the Crystal Theatre on Monday and Tuesday, June 20-21.

Resort Prospects Are Good Despite Unseasonable Weather

Warm weather the last of the week increased the number of pleasure seekers throughout the lake region and filled the hotels, cottages and resorts at all of the lakes in the vicinity of Antioch.

While the crowd over the week end was not so large as it has been at this time in some previous years when the weather has been more seasonable, still Antioch's highways, somewhat restricted because of the paving operations under way on Lake and Victoria streets, were taxed to the utmost to take care of the steady stream of tourists coming to and from Chicago.

Indications are that, with the coming of warm weather, the resorts will be thronged for the rest of the summer.

New subdivisions have been opened up and prospective summer home builders have been numerous in spite of cool weather.

Reports that the funny tribe were beginning to take an interest in all bait, real and so-called, that was being offered for their consumption by hopeful fishermen, proved an attraction to many who enjoy this form of sport. Many of the courageous took their initial dip of the season in some of the many lakes favored for bathing, and pronounced it good and the season thereby officially opened.

With the closing of the Chicago schools it is anticipated that summer activities will soon be in full swing.

Local Churches Will Hold Religious Day School For Children

The fourth annual Daily Vacation Bible School will open Monday morning, June 20, in the Methodist church at nine o'clock. The school this year will be the largest school ever held here as both the Protestant churches are working together to make it a success. All children will be welcome. Three departments, one for the Primary children in the 1, 2 and 3rd grades, the Junior department for the 4th, 5th, and 6th grades, and Intermediate department for the 7th and 8th grades, have been arranged and will be managed by competent teachers. The teaching staff will include Rev. H. C. Dixon, Miss Mary Tiffany, Miss Mary Stanley, Mrs. G. Richey, Miss M. Drom, and Rev. Krah, each responsible for a very definite piece of work.

The school will open each day at nine o'clock Antioch time with a patriotic exercise, singing the flag and singing national songs. Following this a study period of forty minutes "How to Live." Then morning worship to meet the needs of the group, to be followed by the carrying out of the lesson through the project method. The girls will have instruction in color work, sewing, singing, etc. while the boys will be busy making practical things for use in the homes.

Every parent will want to send their child to the school the first day, and after that the children will want to come of their own accord, so interesting will be the studies carried on.

COUNTY OFFICERS REPORT EARNINGS FOR HALF YEAR

Much Business Done at Co.
Meeting—Lobdell To
Be Road Chief

At the regular session of the county board of supervisors which opened on Monday it was voted to accept the contract which was recently entered into between the hospital committee and Dr. Karl Beck, recently elected as county physician and superintendent of the Lake County General Hospital. The contract names \$4,975 as the sum to be paid Dr. Beck for his services.

County Officers Report Funds
Reports from the offices of Sheriff Doolittle, Probate Clerk Hullock and County Clerk Hendee were heard and referred to committees on settlement with these officials.

Sheriff Doolittle reported the earnings of \$7,573.33 during the six months period ending May 31, with receipts at \$5,567.24 and disbursements at \$5,126.47. Probate Clerk John H. Hullock reported receipts at \$4,868.50, expenses at \$2,950.73 and a balance due the county of \$1,917.77. County Clerk Law A. Hendee received \$16,444.06 during the period, expenses \$13,591.42 and held a balance for the county of \$2,852.64.

Lobdell Made Highway Head
R. M. Lobdell who has been acting county highway superintendent since March of last year was appointed by the board to serve for a

(Continued on page 8)

NOTED NATURALIST WRITES OF BIRDS IN LAKE REGION

Antioch and Vicinity Said
to be Interesting Spot
For Bird Study

Writing in the Waukegan Sun Bob Heeky famous fisherman, hunter and nature lover who is a devotee of the Antioch lake region tells of the marvelous opportunity the lake region affords for the study of bird life, says Heeky:

When the pike won't bite up here in the northern Illinois lake region, you can forget fishing and have almost as much fun studying bird life of the lake and marsh. With the fish scouring to swal our lures we turned our attention to birds, as a wide variety of interesting species were in the air or singing from the marsh near the weed bed over which we were casting.

The most spectacular flying birds near our boat were the little terns who staged an aerial circus for our benefit. These small black fellows, less than a foot long, dipped, banked, sidestepped and zoomed around us with great assurance. In fact, they were quite bold, as their nests were about 50 yards away at the edge of the marsh, and they didn't fancy our prowling around near their homesites.

There were about a dozen in the air, trim, graceful fellows, and not hard to look at as this little black tern of the inland lakes has a black head, neck, and underparts. As is the custom with the family, the birds nest in colonies and make their nests at the edge of marshy lakes.

While puttering around at the end of the lake where the tern flying circus was in progress, we flushed a rail, which flattered over the grass and then dropped down to hide again. Young red winged blackbirds were numerous, and what a scolding the old birds gave us as they hovered over our head and protested against the invasion of their marsh home.

Public Hearing on Depot Street Will Be Held Friday

The village board of local improvements held an uneventful meeting Monday evening disposing of bills and routine business of the body. The president's estimate of costs on the Depot street project having been referred to the board and received their assent will be put before the people in a public hearing tomorrow evening. Unless opposition arises from an unexpected quarter it is anticipated that the matter will be carried into county court and bids let as soon as possible.

Mrs. Andrew Harrison attended the regular meeting of the Richmond fortress of the Daughters of the G. A. R. Tuesday afternoon. James Walsh of Trevor brought H. S. Message home from the Racine hospital after a painful auto accident which occurred the 24th of May. Mr. Message was forced to undergo an operation on his knee but is recovering nicely.

Mrs. Joseph Paulsen has returned to her home in Chicago after a three week's visit at the home of her father, H. S. Message.

PAVEMENT WORK HURRIED TO CARE FOR SUMMER RUSH

Orchard Street is Closed
Preparatory to Laying
Cement

Operations preparatory to paving have been hastened on Lake street this week and Orchard street has been closed to through traffic in order to expedite the paving at the far end where it connects with Lake street. Curbing have been completed and it is anticipated that the cement will be poured the first of the week.

The route which has been used as a detour since the beginning of paving operations on Lake street will be missed as its closing will necessitate approaching the Channel Lake road from the extreme southern and northern edges of the village.

It is estimated that the street will have to be kept closed for at least thirty days while the cement is poured and hardens properly. Contractors are hurrying the Lake street road to completion in order that it may be in readiness to accommodate the tourist traffic at the earliest possible date.

Work was also begun last week on Victoria street which, together with Harden street, is to be paved along with the Lake street project. The work is being done by Darrow and Barron of Waukegan.

LAKE COUNTY IS HOME OF WORLD'S BEST GUERNSEY

'Dairy Maid of Midlothian'
Owned by E. Lehmann
Breaks Record

Lake county has the record for producing the world's champion Guernsey cow. She is "Dairy Maid of Midlothian," owned by E. E. Lehmann of Lindenhurst farm, Lake Villa, who was officially notified this week by the American Guernsey cattle club that she held the record for butter fat with a production of 815.6 lbs. for the year ending March 15, 1927.

During that time she gave 16,170 lbs. of milk with an average test of 5.05 per cent. She was eleven years old in March 1926 when the record began.

The test was supervised by the university of Illinois. Two check tests were made during the year, one by the university of Wisconsin and one by the university of Michigan.

Funeral of S. A. Hall Held at M. E. Church

The funeral of Silas Odell Hall was held at the M. E. church on June 13, the Rev. A. M. Krah officiating. Mr. Hall was born in New York State on Sept. 12, 1858, and was married there on August 6, 1882 to Sarah Smith. He lived many years in Lake county having resided at Zion for a number of years and recently in Antioch with a son.

He leaves to mourn his loss his wife, Mrs. Sarah Hall, two sons, Clinton and William of Antioch and two daughters, Mrs. Gladys Bennett, of Montana, and Mrs. Alta Knutson of Colorado.

Antioch Boy Scouts To Go Into Camp Soon

The home of Rev. A. M. Krah has become the rendezvous for many boys this past week, all eager to pass their tenderfoot test which will permit them to enroll for the camp. As yet the exact number of boys attending this big camp set up on Lily Lake, Wisconsin, is not known, but Antioch will be represented by several scouts.

Miss Adela Dupre of Delavan, Wis., arrived the last of the week to spend her summer vacation at the home of her grandmother, Mrs. D. A. Williams.

Doolittle Will Not Request Motor Cops For Lake County

It seems that two motorcycle cops were to be appointed by the county board of supervisors were punctured this week by the statement of Sheriff Lawrence A. Doolittle, who stated that although he needs motorcycle policemen he will not request an appropriation to meet the expenses of their service of the board at this session. He stated that he had been informed by the finance committee that the county must continue to retrench in expenditures. Sheriff Doolittle regretted the fact that the men could not be employed as he stated that at least two men are needed out in the county during the summer months when traffic is heavy. Drunken drivers, according to Doolittle, cause many accidents and many times it would be possible to arrest these drivers before the accidents occurred.

ANTIOCH AIR PORT WELCOMES ITS FIRST VISITING AIRPLANE

Pilots Wylan and Mosley
Drop Ship Into Local
Field For Night

The Antioch air port received its first visitor late last Saturday night when James Wylan of Lockport, New York, and Ted Mosely of Buffalo, New York, flying a Waco plane belonging to Mr. Wylan, landed and tied up for the night. They came to the region in order to visit at Loon Lake at the summer home of Mr. and Mrs. Walter Hagen. Mr. Hagen and Mr. Wylan were childhood friends who had not seen each other for twenty years.

Mr. Wylan, the owner of the plane, is a resident of Lockport, where he owns several oil stations and takes an active interest in developments in air craft. Mosely is with the Aherhart Airplane and Motor company of Buffalo and is an all round mechanic and pilot. The two came to Chicago from Memphis, Tennessee, where they had flown to attend the national meeting of the Kiwanis.

While in Chicago at the Checkerboard flying field they were advised of the existence of an air port at Antioch and were much pleased to find one in the vicinity. They expressed themselves as delighted with the lake region and stated that they would make arrangements upon their return home to have the Antioch Air Port spotted on the air charts in their region.

Improvement is Made On Orchard Street

Walter Chlun has just completed the spreading of 100 yards of gravel in front of his properties on Orchard street. The street was much rutted in that particular spot and the gravel will improve it greatly.

HAPPENINGS IN NEARBY TOWNS

Robbers, believed to be Chicago gunmen, armed with revolvers and three machine guns, entered the buildings of the \$3,000,000 Abbott Chemical Laboratories and ransacked the plant from top to bottom. It was thought at first that the robbers were after the secret formulae for important chemical processes but subsequent check by the officials of the firm developed the fact that loot only had led to the burglary.

The village board of Fox Lake was restrained from building a new road in the village last Sunday by an injunction issued by Circuit Judge C. C. Edwards. Application for the injunction was made in behalf of Fred K. Nimfer owner of the Lakeside hotel at Fox Lake, through whose property the new road was to go.

Miss Lillian Sandblom left Saturday for her home in Chicago after a visit of several days at the home of her friend, Miss Ruth Williams.

DANCE PAVILION ON CHANNEL LAKE WILL OPEN SOON

Decorations Add Charm
to Huge Amusement
Center

W. O. Winch, owner of the Channel Lake Pavilion, and long time amusement hall manager in this region, announces the opening of the dance pavilion for June 25th.

The hall has been newly decorated with elaborate and beautiful decorations. Dennison fireproof materials have been used throughout. The one hundred and twenty-five miles of festooning and the myriad of colored lights have made the great pavilion into a bower of color and charm. A force of workers, under the direction of Mr. Winch, have been busy for some months to complete the elaborate scheme.

The famous Bill Donahue and his Campus Orchestra will play the opening engagement and from then on for seventy-three consecutive nights. Donahue graduated from the University of Illinois twelve years ago and since then has been the leader of one of the most popular dance aggregations in the country. He and his musicians spent the past winter at Deauville, France, the most famous of European winter resorts. Since their return they have been playing in Illinois and will come to Antioch direct from Champaign. Bill Donahue and his campus orchestra are well known to radio audiences from their appearances and broadcasts from the Drake Hotel.

In speaking of the new decorations and the grand opening to be held the 25th, Mr. Winch said, "The management has just completed the installation of Denulson fireproof decorations, and they will pay the sum of one thousand dollars to anyone who can produce another summer pavilion in the world which can surpass them in beauty and volume, the decision to be made by five disinterested judges."

The Channel Lake pavilion, built three years ago, is located just off the lake shore on Route No. 3 and has been in operation every summer since its erection. Prior to that time Mr. Winch was manager of a pavilion on Channel Lake which has subsequently been converted into the Sorority House. With this season he is beginning his eighth year of dance hall management.

FIGHT TO DIVIDE STATE IS REVIVED

Tier of Counties Closest to Chicago
Proposed as Urban State by
Uptate Senator

Cook, Will, DuPage, McHenry, DeKalb, Lake and Boone counties would become North Illinois and the rest of the state remain as a unit to be called South Illinois and retain its capital at Springfield if a bill proposed in the general assembly by Senator Simon Lantz were to become a law.

The bill which is a revival of the bill brought up two years ago by Senator John Denver was referred to the executive committee and indications were that it would not emerge. The counties indicated take in practically the entire suburban district of Illinois reaching to Joliet on the south, DeKalb on the southwest, almost to Rockford on the west and to Waukegan on the north. The backers of the bill claim that the benefit of metropolitan tax district money goes to build up other parts of the state and that the cities of northern Illinois have problems in common with one another but not with the southern part of the state. They cite the present controversy over representation as indication of existing conditions.

It is doubtful whether the counties concerned in the proposed section would favor the bill because of the preponderance in influence that would be given to the city of Chicago.

Mrs. Ada Verrier and daughter, Bertha, visited friends in Walworth, Wisconsin, Sunday.

HOW A FARMING COMMUNITY WAS REBUILT AGAIN

Glass factories and coal mines had kept the butcher, the baker, the candlestick maker and the banker busy the year round in Point Marion, Pennsylvania. Hired men left the farms followed by the farm owners to get their share of the attractive wages.

Suddenly labor saving machinery was brought in to the old hand method of window glass factories. The coal business took a drop and hundreds of people had to find new employment. Savings accounts dwindled. Deposits of the two banks dropped off almost a million dollars.

"Bring in more industries," was being sung at luncheon clubs all over the land, every town seemed to be advertising unlimited water supply, cheap fuel and free factory sites. Competition was keen and the reward doubtful.

The question came, "Why not stimulate the agricultural pursuits of the community which have lain dormant so long?" Farm income might be increased and production costs lowered in many instances.

The first move of one of the banks was the purchase of healthy chicks. These were furnished by the bank at wholesale to interested farmers. Payment to be made by note payable in six months. The bank followed through by aiding in the dissemination of culling and feeding knowledge and by helping to market the cockerels which in most instances paid the initial cost of all the chicks.

When the pumpkins began to turn yellow, plans were laid for a great community exhibit. Besides the poultry display, farm produce exhibits from the surrounding country were entered. Altogether it made an impressive exhibit, bringing home the lesson to Point Marion people that there were great undeveloped opportunities within their own doorways which they had overlooked.

The annual exhibit will be continued in the future by the bank. A horse show is sponsored, better seed corn and seed potatoes are made available to the farmers for planting and the bank will continue to build agriculture in the community as a sound basis on which to work. "It will probably be some time before we shall see larger fruits of our endeavors," the banker says, "but we are looking ahead ten to fifteen years."

THE NEW MENACE

Hitchhiking its way towards the nation's cornbelt, the European corn borer is threatening to destroy crops to the value of billions of dollars and chase skyward the cost of production. If it worms its way into the Wabash and Mississippi Valleys, it can readily float downstream, spread out and become more difficult to control. Proper cooperation of all concerned will, no doubt, enable us to continue to grow corn profitably.—Agricultural Bulletin, American Bankers Association.

A corn and apple show is to be an annual feature at a bank in Baltimore County, Maryland. Another banker has been able to get his county to "think corn," over 500 farmers planting improved corn. Many other bankers in the state are giving moral support and funds to this work.

Lake's Shore Lines

Lake Superior has a shore line in the United States of 1,192 miles; in Canada, 910 miles; Lake Michigan, entirely within the United States, shore line, 1,394 miles; Lake Huron, within the United States, 581 miles; in Canada, 1,445 miles; Lake Erie, United States, 494 miles; Canada, 327 miles; Lake Ontario, United States, 303 miles; Canada, 453 miles.

Joined to Oklahoma

The strip of land variously known as the "Public Land Strip," the "Panhandle" or "No Man's Land" of Oklahoma became part of Oklahoma as a result of the organic act approved May 2, 1906, which created the territory of Oklahoma.

CHRISTIAN SCIENCE CHURCHES

"GOD THE ONLY CAUSE AND CREATOR" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, June 5.

The Golden Text was from Revelation 4:11: "Thou art worthy, O Lord, to receive glory and honour and power; for thou hast created all things, and for thy measure they are and were created."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there; if I make my bed in hell, behold, thou art there. If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me" (Psalms 139:7-10).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is Individual, incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. . . . He fills all space, and it is impossible to conceive of such omnipresence and individuality except as Infinite Spirit or Mind. Hence all is Spirit and light" (p. 331).

NEWS OF WILMOT COMMUNITY

Eldon Mulder, principal of the U. F. H. school, left Friday for Iowa City where he will attend summer school.

On Wednesday, June 22, afternoon and evening, the Ladies of the Lutheran church will hold their annual bazaar at the Lutheran hall. Fancy articles of all kinds will be sold. From five o'clock until eight o'clock the ladies will serve one of their famous chicken dinners. Everybody welcome.

A. C. Stoen and daughter, Margaret Stoen, and Mrs. Ted Stoen spent Tuesday at Madison.

M. M. Schurr is visiting at his home in Kewaskum until Wednesday when he returns for his summer Agricultural work in connection with his teaching course in the U. F. H. School.

Mr. and Mrs. A. C. Stoen and son, Preston, were guests of Hampshire friends Thursday.

Guests from Friday to Sunday of Mrs. D. Brownell were Mrs. Smith and daughters, Pearl, Peggy and Gregory Smith, all of Milwaukee. Charles O'Brien of Chicago was there for the day Sunday.

School closed at Oak Knoll, Randall, last Friday. Rhoda Jedele who taught there last year has been re-engaged for another year, having been very successful in her first year of work.

A. C. Stoen and sons, Lloyd and Floyd, were at Oconomowoc Saturday for the day at the Pabst and Carnation Dairy Farm.

The bans of marriage for Irving Carey and Georgiana Hoffman, of Hassetts, were published at the Holy Name Church Sunday.

Mr. and Mrs. John Gauger and daughter, Gertrude Gauger, and Mr. and Mrs. Fred Gauger and Harold motored to Waukesha Sunday for the day with Mrs. Olga Hanneman from Milwaukee, who is taking treatments at the Baths.

Mrs. Jane Morley was a week end visitor with Mr. and Mrs. Ernest Peacock at English Prairie.

Mrs. Leah Pacey motored to Milwaukee Sunday to spend the day with Mrs. Anna Pacey.

Mrs. Ernest Peterson spent the week end with Helron friends.

Miss Ida Rasch from Milwaukee has been staying with Mr. and Mrs. Carl Gauger the past week. Miss Rasch has taken three rooms of the Gauger home for the summer.

Mrs. James Carey and daughter, Patricia Jean, returned from the Burlington hospital Saturday.

Recent guests of Mrs. Fred Faulkner were Marie Matten of the Ravenswood hospital, and Mrs. Patricia and Mr. and Mrs. G. W. Heldbrook of Kenosha.

Mr. and Mrs. Hilven Rice and children of Beloit spent Sunday with Mr. and Mrs. Will Cole.

School closed in the Wilmot Grades the first of the week. Miss Blee left for Beaver for the summer months and Miss Hope will spend the summer in Colorado.

Mrs. Ted Stoen and Margaret Stoen were in Sharon Saturday.

Mrs. L. Weaver accompanied them home for a visit with her parents, Mr. and Mrs. A. C. Stoen.

Mr. and Mrs. Wm. Volbrecht were guests Sunday of Mr. and Mrs. John Harms at Richmond.

Mrs. W. Carey and Ermine Carey spent the first of the week at the J. B. Murphy hospital in Chicago.

The Fred Semrau Post No. 361 is going to have a big day next Sunday at the M. W. A. hall cleaning up the hall and getting it ready for Legion purposes. Lunch will be served at noon and everybody is cordially invited to come and assist.

Donald Tyler entered the Kenosha hospital Tuesday and was operated on Wednesday morning.

SALEM

Mr. and Mrs. Gilbert Hartnell and family and Mr. and Mrs. Bennett Meir spent the week end in Salem.

Mr. and Mrs. Wm. Schultz entertained Mr. and Mrs. Herman Schon-scheck, Mr. and Mrs. Louis Johnson, Mr. and Mrs. Fred Schon-scheck, Mr. and Mrs. Ted Smith, Mr. and Mrs. Arthur Feldkamp, Mr. and Mrs. B. Weiss and Mr. and Mrs. Frank Dix at "500" on Saturday night.

Mr. and Mrs. Henry Cook and little daughter spent Saturday in Kenosha.

Mrs. Bennett Weiss is spending two weeks with her aunt, Mrs. H. Schultz.

Miss Minnie Redlin returned to her home in Winnetka, Ill., after spending her vacation with Mrs. Julius Krahn.

Louis Romie and Arthur Krahn spent a few days last week with Mr. Krahn's sister, Mrs. Fred Yauer, in Oakbrook.

Mrs. Edward Jensen and daughter were in Kenosha Saturday.

Mr. and Mrs. Philip Tulpe entertained friends from Chicago over the week end.

Mrs. Meadows of Chicago visited at the Wm. Schultz home Sunday.

Mr. and Mrs. Charles Curtiss and daughter, Ruth, of Kenosha called on Salem friends Sunday.

Mr. and Mrs. Cramer and Mr. and Mrs. Bert Jarinko and daughter of Kenosha visited Mr. and Mrs. Henry Cook Sunday.

Mr. and Mrs. Otto Ornsby and daughter of Grinnell, Ill., and Mr. and Mrs. W. H. Siegel and children of Elmhurst, Ill., spent Sunday at the Campbell home.

Rev. Oscar Holt spent Sunday with Mr. and Mrs. Campbell.

A. F. Cashmore entertained Mr. and Mrs. H. Schimmel, Sr., of Watertown Wis., Mr. and Mrs. H. G.

PRINT SHOP CALLERS

"HAW! HAW! GOT A GOOD ONE ON YOU! IT SAYS IN TODAY'S PAPER, 'AMONG THOSE PRESENT WERE MRS. G. D. BLANK AND DAUGHTER FRANCES'—'FRANCES' OUGHTER HAVE BEEN 'FRANCES'—'FRANCES' IS A BOY'S NAME!"

THE "COMMA HOUND" FINDS AN ERROR

Broadbear and Mr. and Mrs. Gus Lucritz and children of Waukegan Sunday.

David Miller called at the Peter Olson home Wednesday.

The Jubilee Bunco club met with Mrs. Louis Romie. Prizes were won by Mrs. E. Manning, Mrs. Silbert, and Mrs. Mohn. They met with Miss Schade next Tuesday.

Hazel Olson spent Saturday with her grandmother, Mrs. Hartnell.

John Milward, who has spent the past few weeks with his daughter, Mrs. Arthur Bloss, returned to his home in Kenosha recently.

Children's Day services were largely attended at the M. E. church Sunday. The program was ably rendered by the young folks. The floral decorations and display added also to a perfect day.

Mr. and Mrs. Fred Petter and family have moved into the Hensley home and have taken up duties on the A. Bloss farm.

Mr. and Mrs. Grant Minnis and Saturday.

Miss Jessie Blee and Iris Wicks, principle of the Salem Center School closed a very successful year Saturday with a school picnic. Nearly a hundred were present. The day was spent playing games. A picnic dinner was served, after which a well prepared program consisting of readings and songs was rendered. A good time was reported by everyone.

Mrs. Mary Gainer and grand-

daughter of Bristol have returned home after spending a short time with her daughter, Mrs. John Evans at Salem.

The Priscillas will meet at the church parlors Thursday of this week. Pot luck lunch will be served.

Mr. and Mrs. John Schliax attended the wedding of their nephew, Mr. Ludwig, on Thursday.

Mrs. Bloss and Miss Jessie Blee spent Monday in Kenosha.

Mr. and Mrs. A. R. Cornwell of Kenosha visited Mrs. Ada Hutton the last of the week. Saturday Howard Johnson, Ada Hutton and

Mrs. Cornwell motored to Evansville where they visited Mr. and Mrs. Klusmeyer and family.

Raymond Hermance of Richmond and Mrs. Acker visited Mrs. Hermance at Kenosha hospital Sunday. Mrs. Hermance is slowly regaining her health.

Milward Bloss is assisting with work on the Liberty Corner Golf course.

Rev. Holt has returned home for the summer after completing his years study at Evanston.

J. B. Campbell is putting a new store front in the building he recently purchased from S. Dibble.

FARM BUREAU

Old Time Dance Friday Night, June 24

at

Ray Bros. Pavilion

DIAMOND LAKE

Music by

Tommie Danderand and His Old Time Fiddlers from W L S

Proceeds to defray expenses of the Annual Farm Bureau Picnic, Thursday, July 14

Tickets \$1.00 per couple - - Ladies 25 cents

You are invited to attend the

Special Demonstration Of PERFECTION Oil Cook Stove and Oven

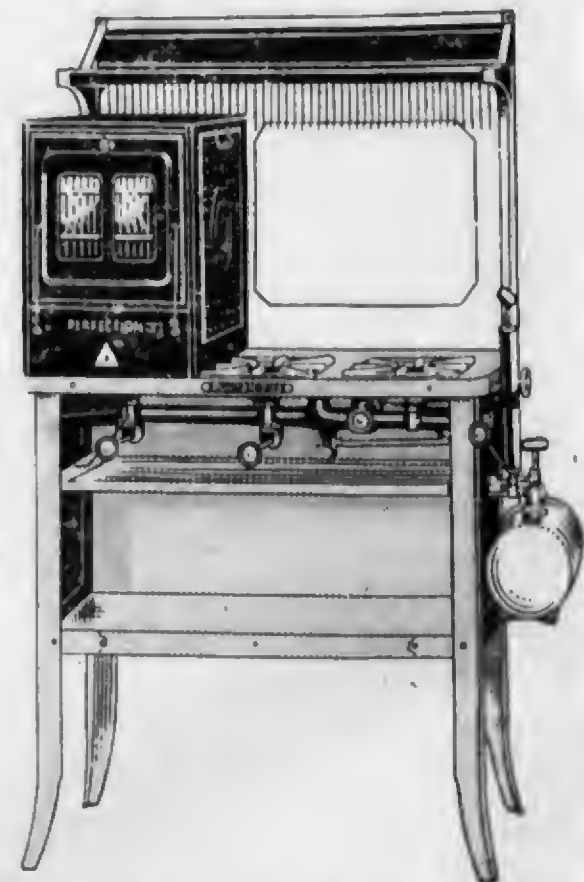

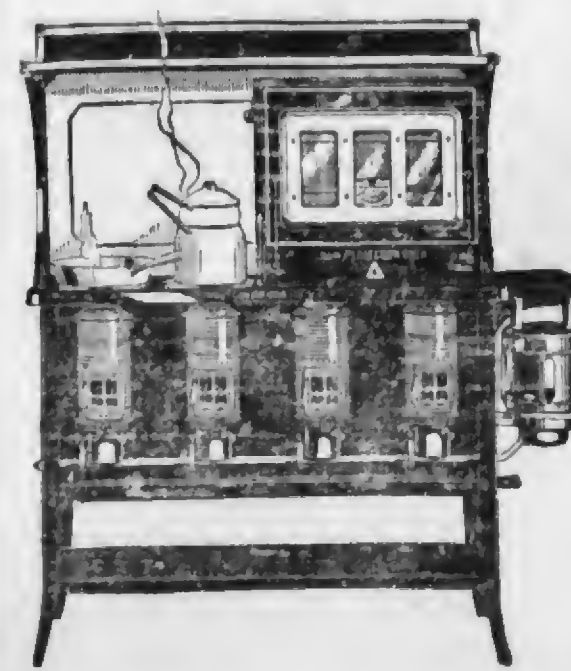

BY A

Factory Representative

OF THE PERFECTION STOVE COMPANY ON THE DATE SHOWN BELOW

In this store we want to do more than sell you high quality merchandise—we also want you to know how to use it to the best advantage. With this desire to please you in mind, we have arranged, in connection with our display of the latest Perfection Oil Cook Stoves, to have a Factory Representative in our store, on the date given below, to show how the stoves should be operated for best results. This demonstration will interest you, no matter what kind of stove you use.

Fast cooking! Frying! Simmering! Baking! See how all this can be done with the famous long chimney Perfection burner, always without smoke, soot or odor.

If you are one of the three out of every five oil stove users the world over who use the Perfection, you may learn something new about its correct operation.

One of the fine new gray models of the Perfection—the finest oil stoves ever built—will brighten your kitchen and lighten your work. Come in and see how good an oil stove can be—and how attractive.

Demonstration SATURDAY, JUNE 18 WILLIAMS BROS.

Come Early and Bring Your Friends — It Will Be Well Worth While

Your floors may be under foot—but they're on your mind!

HOW hard it is to keep floors neat and looking with ordinary paints—how easy when you use paint especially made to stand the scuffing of careless feet!

For the porch, the kitchen, the old-fashioned living-room—for any floor of wood or concrete—there's no paint that will look better, or keep its good looks longer, than Du Pont Floor and Deck Enamel Paint.

It's so easy to put on that there's really no excuse for not dressing up your floors. It comes in a number of attractive colors—why not drop in today and make your selection?

Mrs. Kate Van Osdale entertained friends at her cottage over the week end.

The Willing Workers will meet with Mrs. Daniel Longman Thursday afternoon.

Mrs. Wm. Barnstable of Chetek, visited her niece, Mrs. Willis Sheen Monday.

Drilling vs. Broadcasting

The main thing is to have a uniform depth and covering for each kernel

THE rate of seeding depends on the locality, the condition and fertility of the soil, the method of seeding, and the size of the seed. Less seed is required in dry than in humid sections. Fertile soils require less seed than poor ones, as on rich land the plants grow larger and tiller more. More seed should be sown on weedy land or on land not well prepared than on clean, mellow soil. Drilling requires less seed than sowing broadcast. More bushels of large-grained than of small-grained oats should be sown on an acre.

In general, the rate of seeding in the upper Mississippi valley ranges from 8 to 12 pecks to the acre, at a depth of 1 to 2 inches. Where the usual rate in broadcast seeding is 12 pecks, 10 pecks will be sufficient if the seed is drilled.

Named for Englishman

The town of Amherst, Mass., was named by Governor Powall, when it was incorporated in 1759, in honor of Lord Amherst, who in that year had taken Ticonderoga from the French, and later served as commander in chief of the armies in America and as governor of Virginia. He did not found Amherst college, which is named simply for the town.

Screw Thread Idea Old

The invention of the screw is ascribed to Archimedes, 250 B. C. The American or United States standard thread is based on the investigation made by William Sellers and presented to the Franklin Institute in a paper read in April, 1864.

Bees Studied

Three types of bees, the Italian, the Carniolans and the Caucasians, have been placed in 12 bee colonies near Red Deer, Alberta, Canada, with the idea of finding out which type thrives best in that section of Canada. The Dominion has an apiarist for the purpose of fostering bee culture.

Largest of Chipmunks

Townsend's chipmunk is the darkest of the many species of chipmunk in the western states and ranges along the Pacific coast. It is distinctly larger and stronger than its relatives, says Nature Magazine. Chipmunks carry their stores in cheek pouches to some specially selected spot, where they leisurely enjoy their meal and leave a telltale pile of shells and seed coverings. Average adult measurement is 10 inches.

Old Chamber of Commerce

The New York chamber of commerce was established on April 5, 1798. The charter was reissued by the legislature of New York in 1793. It is interesting to note that the chamber was organized in the tavern run by Samuel Fraunces.

Goldfish Hospital Busy

If your goldfish needs a vacation or is sick, send him to the hospital that has been established in London, is the new idea in England. The proprietor has become known as the fish doctor and is said to already have established a thriving practice.

SOCIETY NEWS

FORMER ANTIOCH COUPLE HOLD WEDDING ANNIVERSARY

Mr. and Mrs. A. G. Watson went to Waukegan Wednesday to attend the celebration of the fifteenth wedding anniversary of Mr. and Mrs. L. J. White. A group of twenty people, the guests at the original wedding fifteen years ago and their families were in attendance at a six o'clock dinner in honor of the occasion at the Elk's club in Waukegan. Mrs. White is a daughter of Mr. and Mrs. Watson.

WAUKEGAN SOCIETY IS ENTERTAINED HERE

The ladies of the sewing circle of Perry L. Austin fortress of the Daughters of the G. A. R. of Waukegan were guests of Mrs. Andrew Harrison at her home here on Friday afternoon of last week. Mrs. Harrison is a member of the Waukegan fortress and of the circle.

Fifteen members were present and five children. The afternoon was very pleasantly spent in sewing and social conversation and lunch was served at four.

WOMAN'S CLUB ENTERTAINED AT LAKE CATHERINE

Members of the Antioch Woman's club were entertained last Friday afternoon at a benefit party at the home of Mrs. C. K. Anderson of Lake Catherine. Mrs. W. R. Williams acted as joint hostess with Mrs. Anderson. Fifty-six guests enjoyed an afternoon of cards followed by a lunch. Mrs. Haynes and Mrs. Clara Feller were winners at "500" and Mrs. E. Brock and Mrs. Chase Webb carried off the honors at bridge.

PI BETA PHI ENJOYS HOUSE PARTY AT GIFFORDS

Eighteen girls, members of the Northwestern chapter of the Pi Beta Phi sorority arrived Tuesday for the annual house party of the organization at Channel Lake.

The members of Pi Beta Phi were at Lake Marie two years ago and were so well pleased with the Lake Region that they returned this year. Tuesday evening the chapter was entertained in Mrs. Wm. Howe of Lake Catherine. Dancing and bridge provided the evening's diversion.

KAPPA ALPHA THETA GUESTS AT CHANNEL LAKE

Mr. and Mrs. C. K. Anderson of Channel Lake are entertaining the Northwestern chapter of Kappa Alpha Theta sorority of which their daughter, Miss Lorraine Anderson, is a member. The twenty-five guests arrived Monday and Tuesday of this week after the completion of their year's work at the university. Many social functions are planned, among which is a picnic expedition to Lake Geneva. This is the annual house party held by Kappa Alpha Theta.

MR. AND MRS. MOORE GIVE PARTY

Mr. and Mrs. John Moore were host and hostess at a Five Hundred party given at their home Tuesday evening. After an evening of play refreshments were served.

BRIDE OF MONTH IS GIVEN SHOWER

The Wednesday afternoon Five Hundred club met with Mrs. Irving Elms yesterday. A special feature of the meeting was a post-nuptial shower given to Mrs. James Banks, nee Anita Wilton, a bride of a month.

FIREMEN TO GIVE BANQUET SOON

The Antioch Firemen at their regular meeting Tuesday evening made arrangements for a banquet to be held on June 28th at the Blue Willow Inn. The affair will be given in honor of the retiring chief engineer, Arthur Rosenfeldt.

LADIES GUILD TO MEET NEXT WEDNESDAY

The meeting of the Ladies Guild of St. Ignace church will be held at the home of Mrs. Fred Hawkins at Bluff Lake on Wednesday afternoon, June 22. Everybody is cordially invited.

GUESTS OF THE NELSONS HONORED AT PARTY

Mr. and Mrs. Nelson entertained at cards last Thursday evening as a courtesy to their friends. Mr. and Mrs. H. C. McNeil. Five hundred proved the diversion of the evening and a collation was served at a late hour.

NOTICE

Free trucking for the removal of rubbish (except ashes) will be provided by the village authorities on next Monday and Tuesday.

S. E. POLLOCK,

President of Village Board

MR. AND MRS. LASCO GIVE DINNER

Mr. and Mrs. Wm. Lasco entertained last Sunday in honor of Mrs. Lasco's birthday. Those present were: Mr. and Mrs. Louis Krohn and sons, Melvin and Marvin, and Miss Sadie Hebard of Bristol; Mr. and Mrs. Larson and Mr. and Mrs. Geo. Hebard from Kenosha; Mr. and Mrs. Albert Shultz and sons, Wesley and Gordon, and the Misses Viola, Leona, and Goldie Shultz from Salem; Mr. and Mrs. Lulliver Lasco and little son, Rolf, from Antioch.

BENEFIT AFFAIR IS GIVEN AT GUILD HALL

Mrs. Chase Webb and Mrs. Wm. Osmond were hostesses at a benefit party given for the Floor Fund at Guild hall Tuesday afternoon. Five Hundred was enjoyed at nine tables and bridge at the remaining five tables. This was the first benefit party given this season by the organization. Lunch was served at the close of play.

INGLESIDE LADIES TO GIVE DINNER

There will be a Lucky Seven Dinner at the Gavin schoolhouse given by the Ladies Aid of the Community church of Ingleside on June 23, 1927. Service two hours before seven. Are you the lucky seventh? Come and try your luck. 42c

EASTERN STAR DANCE IS BIG SUCCESS

The Eastern Star dance given at the Antioch Palace last Friday evening through the courtesy of the owner, Richard Macek, was well attended by Eastern Stars and their friends. Both the dancing and the bazaar in connection were well patronized. Every one there reported an enjoyable evening.

BRISTOL

Mr. and Mrs. William Lamb and Mrs. Eleanor Jones were entertained Thursday at the home of Mr. and Mrs. George Gilmore in Kenosha.

Mr. and Mrs. Fred Lavey spent Sunday in Salem.

The Bristol Epworth Leaguers held a party at Paddock's Lake Saturday evening. Among other enjoyments were a frankfort and marshmallow roast.

George H. Bell of Chicago called on friends here Friday morning.

Mrs. Margaret Powell and Leslie Holbrook from Kenosha and the E. E. Powell family were visitors of Mr. and Mrs. Frank Gothen Sunday.

The following officers were elected Saturday at the Home Mission society meeting: President, Mrs. Wm. Foulke; secretary, Mrs. Deborah Lavy; corresponding secretary, Miss Ruby Fox; treasurer, Mrs. Blanche Fox.

The movie entitled "The Birth of a Race" given in Bristol Monday evening was attended by the largest crowd ever in the hall, and was considered by all who attended as the greatest movie they had ever been privileged to see in any small town. It carries a fine principle and is a benefit to any community wherever shown. It was sponsored by the three Bristol churches, Eng. M. E., German M. E., and Lutheran each of which received a per cent of the proceeds.

A group of the members of the 4 H Challenge club from Bristol are attending a five day short course at the 4 H club in Madison. They are in company with Mrs. Howard Sheen and County Agricultural agent E. V. Ryall. Those making the trip are: Mildred Gilmore, Frederick Gilmore, Alice Gilmore, Doris Gilmore, Ethel Massie, Ralph Gates, Everett Gates, Lora Powell, Alice Webb, William Kasten and Dora Kasten.

A religious educational school was begun in Bristol Tuesday. It will be in session from 9:00 a. m. to 12 m. and will continue for a few weeks.

A pageant conducted by Prof. Nelson from Kenosha will be rendered in the English M. E. church Sunday evening, June 19. All are welcome.

Wigs Official Insignia

English barristers and judges adopted wigs as part of their ceremonial costume during the Seventeenth century. The custom is an ancient one. Wigs were worn by the Egyptians as a royal and official headdress.

Control of Coast Guard

While the coast guard operates under the Treasury department during peace time, it comes under the direction of the Navy department in time of war, according to an answered question in liberty.

PERSONAL MENTION

Clayton O'Haver left Tuesday evening for Aurora, Illinois, where he will visit relatives.

John J. Morley, Jr., wife and two sons, arrived home the first of the week from Hillsdale, Michigan, where he has been teaching for the past year. Mr. Morley is building a summer home at the Morley subdivision.

Mrs. Charles Lux left Monday for Pittsfield, Illinois, where she will visit with her parents, Mr. and Mrs. Wm. Dunham.

Emmett Webb returned home on Wednesday from Lake Forest Academy where he has been attending school.

Charles Hill of Milton Junction, Wisconsin, was an Antioch visitor Tuesday.

Edwin Leroy Drom, son of Mr. and Mrs. Wallace Drom of Antioch was graduated from the University of Illinois at their annual commencement exercises held Wednesday morning. Drom received the degree of Bachelor of Science.

Mrs. Ed Filson attended the Bunco party at Mrs. Cyrus Curtis' Wednesday afternoon.

Mrs. Hulda Lasco, Mrs. Louis Krohn, Mrs. Anna Shultz, and Miss Viola Shultz were Kenosha shoppers Tuesday.

Mr. and Mrs. Ed. Filson attended the class play and graduating exercises at Wilmet high school Tuesday and Thursday evenings of last week.

Mrs. Ernest Brook, Mrs. Ernest Simons and Mrs. Wm. Smart were in Chicago Wednesday to attend a party given there.

Mr. and Mrs. H. R. Smith were Chicago visitors Monday.

Miss Elizabeth Webb was a business visitor in Chicago Tuesday.

Howard Spafford returned this week from Ann Arbor, Michigan, where he has been studying medicine at the University of Michigan.

Mrs. Fred Paasch and son of Channel Lake called on the former's cousin, Mrs. George Hillebrand in Chicago last Thursday.

Oscar D. Olcott of Waukegan spent Sunday at the Fred Paasch and R. W. Wildhagen homes.

Mr. and Mrs. C. L. Carroll and son of Chicago spent Saturday and Sunday at the home of Mrs. Carroll's parents, Mr. and Mrs. J. C. James.

At the Blue Willow Inn you will find flower plants, finest varieties, hardy and deer grown asters, marigolds, zinnias, and many others for 25 cents per dozen or 2 dozen for 40 cents. Phone Antioch 19. 42c

Mr. and Mrs. Ed Stevens of Waukegan were guests of their parents here on Sunday.

Mr. and Mrs. Andrew Harrison visited friends in Waukegan Sunday.

The Misses Helen Pratt, Helen Buckner, Alice Stan and Mr. and Mrs. Wallace Falk and Howard Pratt all of Chicago, spent Sunday at the home of Mr. and Mrs. John E. Moore and enjoyed a picnic dinner at Channel Lake.

Mr. and Mrs. John Nieburg and four children of Madison were the guests at the home of Mrs. Nieburg's brother, Wm. Thiemann over the week end.

Hard-Riding Irish

Steeplechase racing is said to be of Irish origin, the first of such races having been run about 175 years ago.

Newspapers are Best Advertising Mediums, Says Chicago Merchant

However important other channels of advertising, the newspaper affords the avenue that returns the largest business to the merchant.

On an experience of many years, D. F. Kelly, President of The Fair, Chicago department store, imparted this assurance to the 10,000 delegates and guests of the 50th convention of the National Electric Light association, held June 6 to 10.

"Merchants generally recognize that billboard and street-car advertising are of unquestioned value in marketing products requiring national-wide distribution," he said. "Magazines and billboards have made the names of nationally-known specialties household words and have created widespread demand for such goods. However, without appearing to hold a brief for the newspapers, we are of the definite opinion that, dollar for dollar, our return from newspaper advertising is much greater than from any other form of advertising. We would advise manufacturers to link up their advertising with the advertising of local dealers. They will thus inform the public where their product may be had and should produce best results."

Though the department and chain stores are essential factors the speaker offered the small merchant a word of encouragement by declaring that the neighborhood dealer is a necessary institution in accommodating the immediate community needs.

When You High-Hat

Don't forget when you feel like high-battling some one that no one can high-hat like a third-rate actor.—Atchison Globe.

Deep Philosophy

The most profound philosopher is a man who writes things so simple that even the highbrows understand him.—Collier's.

Points Vary in Deer

The biological survey says that the age of deer cannot be computed by the number of points, since the number of points depends upon the condition and vigor of the deer. Deer develop more points after the age of three years and lose them when they have passed their prime.

The First Requisite

The first step in the welfare of a child is to see that the home which constitutes his personal atmosphere is steeped in the spirit of good will toward men.—Henry F. Hope, in "Religious Education in the Family."

Physician's High Place

"It is no idle challenge which we physicians throw out to the world when we claim that our mission is of the highest and noblest kind, not alone in curing disease but in educating the people in the laws of health, and in preventing the spread of plagues and pestilences.—Osler.

Cellar Sanitation

Cellar walls should be whitewashed once or twice a year. Whitewash is a disinfectant. If the cellar walls admit moisture, it is recommended to wash them with a dilute solution of hydrochloric acid (one part acid and five parts water) and then apply a plaster of oil-mixed mortar.

Famous Spanish Palace

Escorial, or Escorial, is the name of the palace of the king of Spain. It is situated among the hills, 50 miles northwest of Madrid, the Spanish capital. In its wind-swept situation it has an austere appearance. It was built by Philip II, the king who sent the Armada against England, and who cruelly persecuted the people of Holland.

Freedom at Crucial Points

If I knut have but two things on me that don't pinch, let it be mi shirt collar and mi boots.—Josh Billings.

Sleet and Hail

Sleet is a drizzling or driving, partly frozen rain, or rain that freezes on the trees on ground. Hail falls usually in connection with thunderstorms. It is frozen rain, falling in pellets or hailstones of varying sizes and shapes.

Old Kansas Settlement

Lawrence, one of the first places settled in Kansas, and now the seat of the state university, was named for Amos A. Lawrence, an eminent Boston merchant prominent in the affairs of the Massachusetts Emigrant Aid society.

Summer Time Footwear

It is not difficult to see why so many men come back here for their shoes after once buying here. Comfort, style and plenty of service are a part of all shoes we sell.

To get full benefit from vacation sports, your boy needs strong, comfortable footwear. Here's a complete assortment.

"FATHER'S DAY" SUNDAY

Who is it wears the patch work hose
And seldom goes to picture shows,
That his girl may have fine clothes
It's Father ! !

Who is it wears last summer's hat
That his boy may be a sporty frat,
And thinks it quite all right at that,
It's Father ! !

Who is it buys the bread and meat
And keeps the shoes on all our feet
And then gets shoved on a back seat,
It's Father ! !

We've Mother's Day and Poppy Day
And lots of other holidays
But almost all are Labor Days,
For Father ! !

Get out his slipper and easy chair
Caress and smooth the rumpled hair
And let him know you're glad he's there—
Your Father ! !

Sunday wear a flower of red
(A white one if the dear soul's dead)
And reverently bow your head
In thanks for such
A Father ! !

(CONTRIBUTED BY OTTO S. KLASS)

UNION FREE HIGH GRADUATES CLASS

Thirteen Seniors Receive Their Diplomas on Completion of the Course at Wilmet

The Union Free High School closed on the tenth with graduating exercises at the gym.

A class of thirteen received their high school diplomas. Ruth Barber had the highest scholastic honors and was Valedictorian and Gladys Buffon Salutatorian. Other members of the class were Alice Randall, Grace Sutcliffe, Florence Dalton, Donald Tyler, Lyle McDougall, Win Flegel, Leo Letting, Fred Forster, Charles Jurevick, Eugene Frank, Lawrence Stensel.

An interesting program of musical numbers had been arranged and the address of the evening was given by B. E. McCormick, of the Madison State Department. Mr. McCormick had been high school principal at LaCrosse and Principal Mulder gave him a glowing tribute as the teacher and inspiration that guided him during his high school days at LaCrosse. Mr. McCormick touched briefly on the ideals of graduating and its meaning to the class of 1927, and discussed the ways by which the knowledge derived from their respective courses could be applied to the best advantage for their future careers. Principal Mulder spoke very feelingly to the class of their school associations in the past and extended best wishes for their future success. At the close of his address Mr. Mulder presented the diplomas to the class.

Class Day Is Enjoyed

Class Day Exercises last week on Tuesday were well attended and proved most entertaining to a very appreciative audience. Some of the high lights of the evening's entertainment were a minstrel show and the Class Funeral. The Class Prophecy was read by Gladys Buffon and the Class Will by Ruth Barber. A scene at Mendota picturing the present high school faculty in future years proved very laughable. The funeral was very cleverly staged. Donald Tyler as the minister, and other members of the class as the choir and the six mourners will long be remembered. The eulogies for Fred Forster's Ford and Lyle McDougall's cow were very cleverly written and Master Flegel's large Shepherd dog and wagon made a very novel hearse.

Church Notes

Methodist Notes

Sunday will be another gala day at the Methodist church. The annual Children's Day will be observed by a special program in which about twenty young people will take part. The service will be held at the usual church hour 10:45 o'clock.

The evening service will be given over to the choir who will put on a musical festival representing the miles stones of life.

St. Ignatius' Church Notes
Calendar—First Sunday After Trinity.

Corpus Christi Sunday.
9:30 Church School.
10:00 Matins and Sermon.
4:00 Confirmation Class.

Remember that the Worship of God goes on through the summer months as well as any other time. St. Paul was very anxious to get this message over to the Christians of the early Church and he expressed this in the famous passage "Be instant in season and out of season". Religion is not only a Sunday "go to meeting" affair though many consider it so who ought to know better. St. Ignatius' Church preaches Christ Crucified and Powerful to save us even from ourselves. The Nicene Faith in all its fullness, but alas many do not know what the Nicene "business" is and seem to care less. The Christian Religion is an esoteric religion and whose ever will may come.

Next Sunday is Corpus Christi Sunday and we honor the Sacramental Presence of Our Lord in the Holy Communion. The sermon topic will be "Loyalty To What?"

The Church School continues through the summer and many do not seem to understand this.

Mr. Dixon and his mother will occupy the rectory this month and make their home in Antioch.

Springfield—Over \$500,000 being expended for improvements and construction work for State fair opening August 20.

Waukegan—\$55,000 new hospital to be built here.

Niles Center—1927 building program here has reached \$1,345,945.

WAYS TO BLOCK CROOKED PROMOTERS

By W. R. MOREHOUSE
Public Relations Commission, American Bankers Association
(This is one of a series of articles exposing the wiles of sharpers who are after your money.)

MANY reliable corporations, firms and individuals are engaged in developing mining properties, drilling for possible new oil wells and promoting new inventions and enterprises. On the other hand many unreliable persons are ostensibly engaged in the same pursuits, but in reality are only promoting frauds. Therefore, every investor should first divide the sheep from the goats before he hazards his savings. Because there are many dishonest manipulators using mining, oil, invention and promotion terms to deceive does not mean that all promoters in these fields are crooked. The truth is, there are many trustworthy men engaged in promoting enterprises that are honest investments. The problem is to know the difference between promoters of the reliable type and the high-pressure variety. The former are engaged in legitimate business. The other group is engaged in fleecing the public.

The number of those who deliberately scheme to defraud is large and they are shrewd and deceitful. For this reason those who cannot afford to lose their savings should not trust entirely to their own judgment in making investments.

In order to divide the sheep from the goats—to distinguish between reliable and unreliable promoters, to tell the good investments from the worthless—the inexperienced investor should consult his banker or let the National Better Business Bureau, whose headquarters are in New York City, advise him. It costs nothing to get such advice from either source. It is safe to say that if those who have lost their savings through fraudulent schemes had followed this simple course they would still be in possession of their money.

Get the Facts

Invariably, get the facts and take no substitute. There is nothing better and nothing just as good as the facts when it comes to withdrawing your savings from the bank and investing them. The facts about an investment either strengthen its position or show it up to be risky—oftentimes too risky for the person who cannot afford to lose.

Good Advice that Prevented Disaster

New schemes to defraud are being hatched daily. The unscrupulous promoter never sleeps but is continuously plotting new methods of attack on the savers' hard-won accumulations. The liberties he takes with the law and the schemes he designs for belittling the sound advice of responsible persons makes it even more essential for investors to get the facts.

Remember that anything that is worth investing in is worth knowing about as to its safety, its income, and its marketability. Any investment which is enshrouded by a screen of glowing promises or is so complicated that neither you nor your banker can fathom it and get the hard facts isn't an investment you can afford to put your money into.

Make it an unbreakable rule to get all the facts, whether the investment be large or small, and you will save yourself the heartaches and bitter disappointment of losing your savings.

Millions of dollars which have unfortunately been lost through poor investment might have been saved if the investors had taken time to investigate before investing. There is always need for capital in safe, honest business and so great is the legitimate demand for investors' funds that not one cent need be wasted by them on fraudulent schemes.

Don't Trade Good for Bad

Don't exchange your investments for (A future article will tell of more schemes by which people are defrauded of their savings.)

Silica in Commerce

The geological survey says that silica occurs in nature as a mineral of economic importance in quartz, sand, etc. Good grades of silica are used for glass making. It may also be used in paint, as a wood filler, a wood preservative; in the manufacture of china and porcelain, as an abrasive, a scouring and cleansing agent, and as a heat and sound insulator.

Necessary Cultivation

On the present basis of agriculture, about two acres of land has to be cultivated in order to maintain one unit of population, man, woman or child. The amount is somewhat lower for the intensely cultivated countries.

Especially the Gravy

One of the best tonics in the world is fried chicken.—Atchafalca Globe.

others you know nothing about. Some time you may be approached to make a trade by a plausible person claiming to have better investments to offer than those you have. Recently a woman owning a block of gilt-edge public utility stock was approached by two smooth sharpers and urged to exchange it for stock in a fruit company which, she was told, was not only very valuable then but would increase rapidly in value and soon make her independently wealthy. Fortunately she told her neighbor about her offer. It happened that the neighbor had recently been defrauded in a similar way. She advised the second woman to report her offer to the local better business bureau. Having handled many similar situations the bureau instructed the woman to make an appointment for the traders to meet her in her home.

PRIZES OFFERED FOR BEST VOICES

National Radio Audition Open to Young Singers in This Country.

America's future generation of vocal stars will be disclosed to the world this Fall as another of the wonders due to radio. Every young man or woman with the gift of song, whether from country, town or city, will have an equal chance.

A nation-wide quest for the best young singers and the opening of the door of opportunity to them has been undertaken by the Atwater Kent Foundation, an institution established for scientific and educational purposes by A. Atwater Kent, the Philadelphia radio manufacturer and sponsor of the Sunday night grand opera hour, broadcast over a network of nineteen stations.

The Foundation has announced plans for a "National Radio Audition," to find by competition the best undiscovered voices in the United States. Prizes aggregating \$17,500, with tuition for a musical education in certain cases, are offered as follows:

The two winners of first place in the National Audition—a man and a woman—will each receive a gold

A. Atwater Kent, President of Atwater Kent Foundation, which opens door of opportunity to undiscovered vocalists.

decoration, \$5,000 in cash and two years' tuition in a leading conservatory.

Winners of second prizes will each receive \$2,000 in cash and one year's tuition.

Winners of third prizes will each receive \$1,000 and one year's tuition. Winners of fourth prizes will each receive \$500.

Winners of fifth prizes will each receive \$250.

Musical, civic and women's clubs in each community in each state will be invited to hold local contests to select the best young man and best young woman singers of their towns. These winners will then be certified to a state audition, which will be broadcast by a radio station in each state. A state winner of each sex will be chosen and will receive a silver medal.

The next step is a district audition. The young men and women who have won state honors will be taken to a central broadcasting station in one of five districts, where an audition will be broadcast to select the two winners—a young man and a young woman—from that district.

The two winners in each district will receive gold medals and the ten finalists thus selected will be taken to New York for the final National Audition, to be broadcast over a national network of stations. All expenses of contestants in the district and final auditions, including railroad fare, hotel bills, entertainment, etc., will be paid by the Atwater Kent Foundation.

The spirit and purpose of the National Audition are indicated in a statement by A. Atwater Kent, president of the Foundation, who said:

"The discovery of one of those rare voices, of which each generation produces a very few, seems to me an event of profound national importance. Even when such a voice could give pleasure to only a few thousand people in a year it was a national treasure. Now that millions may enjoy it on the same evening through the medium of radio, such a voice has become priceless.

"The National Radio Audition, supported by the Atwater Kent Foundation, is an undertaking to search the entire country for beautiful voices and to offer these singers an opportunity for full development, recognition and reward."

The principal qualifications for contestants are as follows:

Must not be over 25 years old; must never have been associated with a professional theatrical or operatic company; must never have been a paid principal in any concert held outside their own states; must declare an intention to follow a musical career and must be free from theatrical or musical contracts.

This limitation permits choir singers to enter the auditions, even though they may have received financial compensation for singing in churches. Other groups from which entries are anticipated are students in musical schools and locally prominent singers in high schools and colleges. Musical organizations in each state are also afforded an opportunity to participate.

The Right Way

Some pedestrians meeting others pass on this side and some on that and no great harm is done; but there's only one safe rule to follow when a person meets temptation, and that is, keep to the right.

"Butcher's Meat"

The flesh of domesticated animals slaughtered by a butcher, as distinguished from that of wild animals or game, is commonly called "butcher's meat."

Courage

There may have been cases where the office sought the man, but we don't believe the latter ever actually bid.—Ohio State Journal.

Why They Dined Out

"I can't find my can opener anywhere," lamented the lady of the house. "Probably away taking the rest cure," exclaimed the man of the family.—Capper's Weekly.

The Mark

People who are not themselves bookish sometimes speak of a lack of appetite for reading as if it were a sign of vigor of mind or originality. But, in fact, it is the mark of undeveloped powers, and it carries the penalty of ignorance of the most valuable thought and the most delightful pleasure in the world.—London Daily Telegraph.

Earliest Measurements

The earliest measurements were based on parts of the human body. The "inch" developed from the length of the thumb joint, the "hand" was the four inches across the human hand, and the "span," nine inches, was the space from the end of the thumb to the end of the little finger.

Changing Dogwood's Color

In treatment given a white dogwood to make it pink, it is necessary to propagate the pink form by grafting or budding on seedlings of the common white variety.

Stand Aside! Dad's Day Coming, Sunday

Don't impose on Dad, Sunday. Throughout the land it will be Father's Day! Don't nag at him to stop the sink from leaking or to fix the kitchen window, for the patient old soul may turn upon you like a tiger at bay!

Handle him with gloves. He is supposed to be monarch of all he surveys, (Sunday only) and no doubt he'll be a bit touchy. Monday you are authorized to bear down on him again!

NEWS OF STATE CAPITAL IN BRIEF

The senate passed Senator Lowell B. Mason's bill to place dry cleaners under state supervision. The measure has as its object lessening of fire hazards and improved sanitation.

The corn borer bill has become a law. Governor Small signed it and handed it over to Director S. J. Stansard of the department of agriculture to administer. By virtue of its emergency clause the act becomes effective immediately. Importation into the state of anything that may carry insect infestation or plant disease may be forbidden by proclamation of the governor, and the department of agriculture is authorized to set up quarantine areas wherever it finds that a dangerous insect pest or plant disease exists, and issue and enforce regulations for the control of the pest. Provision is made however that advance legal publication must be made before quarantine areas are set up, and opportunity afforded for interested persons to be heard.

The house passed Senator A. S. Cuthbertson's bill changing the present system of distributing the school fund and providing for additional money for the teachers' pension fund.

Governor Small signed Representative Whiteley's bill providing for which contains the provision, also, that dealers must keep a record of the licensing of poultry dealers, poultry purchased. It is believed that this measure will aid authorities in tracing chicken thieves and in bringing about their arrest. The law becomes effective July 1.

Representative Curran's bill providing for the establishment of a statewide system of fishing and hunting grounds and authorizing a \$20,000,000 bond issue for the purchase of overflow land in the river bottoms to be used for that purpose, passed the house. The bill now goes to the senate.

Honorable L. L. Emerson, secretary of state, was the principal speaker at the Fortieth Rotarian district convention at Freeport. Rotarians from northern Illinois, Wisconsin and Iowa attended.

The house passed Senator McFetters' bill, which would allow cities and villages to fill in and improve sections of water courses located within the corporate limits, which have been declared navigable by congress and to make public use of the land so reclaimed. The bill now goes to Governor Small.

Representative Lottie Holman O'Neil's House Bill No. 102, which provides for the formation of sanitary districts, was referred to a joint conference committee when the house voted to nonconcur in senate amendments. These amendments would permit sanitary districts partially to purify sewage while construction is in progress and would allow a reasonable length of time after completion for such districts to secure 100 per cent purification. The house voted for 100 per cent purification before construction could be begun. The joint committee recommended that the senate recede from its amendments. Whether or not that body complies with the recommendations of the committee, will have direct application to a number of central Illinois cities whose sewage plants provide only partial purification.

Members of the executive committee of the Illinois conference of public welfare met at the Illinois country club in Springfield to discuss plans for the annual meeting of the organization, Oct. 18, 19 and 20 at Joliet. H. E. Hieronymous of the University of Illinois, president of the conference, addressed the meeting. Director Roy W. Ho of the state welfare department, ex-officio member of the executive committee, and Miss Edna Zimmerman, also of the state welfare department and executive secretary of the conference, were other officials of the organization to attend the meeting.

The house passed a bill received from the committee on appropriations increasing the amount of the reward the governor may offer for the apprehension of fugitives from justice from \$200 to \$1,000. If the bill becomes a law, it will empower Governor Small to offer a reward of \$1,000 for the slayers of highway Patrolman Lorey Price, who was kidnapped from his home near Marion and slain.

Barbers licensed by the state de-

partment of registration and education hereafter will have to have at least an eighth grade education if Governor Small approves a bill introduced by Representative M. Fahy which has passed both houses.

Senator Ben L. Smith's bill appropriating \$1,000,000 for flood and cyclone relief was recalled to second reading in the senate, and amended to read \$1,500,000 and to apply to flood relief only.

Relief for storm sufferers is provided for by an appropriation of \$250,000, carried in the omnibus appropriation bill. The cyclone relief fund will be handled by the state department of finance.

Reconstruction of levees washed away in a number of counties will be under the control of the state department of purchases and construction.

The senate passed House Bill 537 appropriating \$350,000 for the construction of a state naval armory in Chicago.

Justice Oscar Heard, Freeport, became chief justice of the Illinois supreme court for the coming year when the court convened for the June term.

Justice Clyde E. Stone, who was chief justice during the past year, was re-elected to the supreme bench from the sixth judicial district.

The house advanced to the order of second reading Representative Reed Cutler's bill appropriating \$2,500 for the expenses of a committee composed of a democratic senator and representative and also a republican senator and representative to go to Washington and demand that the United States senate seat Senator Elect Frank L. Smith, in order that Illinois' right to representation be upheld.

The house passed Representative Thomas Curran's bill appropriating \$25,361,890 for the expenses of the state treasurer's office and for interest and retirement of state bonded indebtedness for the biennium.

At a meeting of the Illinois Lumber and Material Dealers' association, Don Critchfield, field representative of the West Coast Lumber bureau, told his audience that the supposedly imminent timber famine is not founded on fact. "Government foresters," Mr. Critchfield stated, "estimate that we have more than 1,000 billion board feet of timber west of the great plains."

The state interest case against Governor Len Small, Verne S. Curtis and Etha G. Curtis, administratrix of the estate of Senator E. C. Curtis, deceased, was settled by agreement in Circuit Judge Frank S. Burton's Court, in Springfield, on June 4, 1927; the amount to be paid by the defendants to be \$659,000.00. The stipulation states that Governor Small as State Treasurer has accounted for and paid into the State Treasury all the interest money he received and that the Grant Park bank which loaned the Packer's notes paid the same rate of interest to the State as all other banks, but the defendants are held responsible for this amount which it is claimed the bank made on the Packer's notes. While Governor Small did not profit

personally by any of the transactions, he is held jointly liable on account of his position as State Treasurer.

Governor Small issued the following statement relative to the settlement of the state's accounting suit:

"The terms of the settlement made in the Sangamon circuit court expressly admit the truth of the contention I have made throughout this suit, that I have fully accounted for and paid into the state treasury every dollar of principal and interest received by me for or during my term of office as state treasurer; that I have not at any time received any interest on public funds except that interest which I have heretofore paid into the treasury; and that the sum which I am agreeing to pay is money received for the Grant Park bank.

"When I became state treasurer in 1917, I and my bondsmen, and no one else, became responsible for all the funds in the state treasury; the law required that the funds be deposited in banks and that the interest paid to the state treasurer by the banks belonged to the state. The law at that time recognized private banks. It was a question whether state and national banks could give the state treasurer specific collateral as security for public money. Private banks could do so.

"I deposited large sums in the Grant Park bank, of which Senator Curtis was the head, receiving the best collateral, thereby insuring the safety of the state funds. The long accounting which has just recently been completed shows undisputedly that the Grant Park bank paid the state more than \$222,000 in interest money and that all of the principal deposited was returned to the state in full.

"By depositing the state funds in the Grant Park bank, I, as state treasurer, not only received additional collateral which made the public money absolutely safe against loss, but I secured for the state a higher rate of interest than the largest banks in Illinois would pay.

"After years of litigation the court held that I was jointly liable with the owners of the Grant Park bank, for all the profits which they made in loaning state funds and the supreme court upheld that ruling.

"The stipulation filed today was based upon the findings of the court on the earnings of the Grant Park bank. The decisions of the courts in this case have been to the effect that I must pay regardless of whether or I received any interest. Those decisions made necessary this settlement by me. I repeat what I have said so many times—I do not owe and never did owe the state of Illinois one cent of interest. All of the principal and all of the interest which I collected as state treasurer, has been paid into the state treasury; and the state treasurer's office during my term was run for the best interests of the state, strictly according to law.

"Senator Curtis is dead. The Grant Park bank which loaned the public money, as all other banks loaned it, for the profit of its owners, has gone out of business. The other defendants in this case are unable to pay this judgment. It is humanly possible, I will pay it.

"Despite this great hardship, I am gratified and I believe that my friends throughout Illinois will be gratified, that in the stipulation it

is recognized that I as state treasurer, made full and complete payment to the state of all interest received by me, and that my liability is based merely upon a technical responsibility for what others received.

"I want on this occasion to assure the people of this state that, notwithstanding this crushing burden I must bear, I will continue to serve them with all the strength and ability which I possess."

The interests of the Parkington Meat Markets, located in North Chicago and Waukegan, were purchased this week by the Lassalle Chain Meat Market Co. of Milwaukee.

AUCTION SALE OF LOTS

Lake Villa, Illinois

48 miles north of Chicago on Route 21, west of Waukegan 12 miles, on

Saturday — Sunday, June 18 — 19

This fine tract of land with its quarter of mile Grand avenue frontage, lake privileges on beautiful Cedar Lake with sand and gravel beaches, lies within the city limits of Lake Villa on Grand avenue, 2 blocks west of Route 21. City improvements may be connected with any part of this subdivision.

The land lays generally level, yet high and dry. Dotted with groves of large oak trees, orchards and shrubs, every lot is a perfect homestead for a permanent or summer home. Lake Villa is surrounded by a community of immense wealth, and every progress is evidenced by the up-to-date schools, churches, banks, and other business places. The railroad is close to the subdivision, bus service directly by, and concrete roads in each direction. It is also beautified by its Community Park which gives every one a chance to enjoy the sky blue waters of Cedar lake for boating, bathing and fishing.

This is Positively the Greatest Bargain in Lots Ever Offered at Auction. Remember, at this Sale YOU not the Owner Makes the Price.

Opportunity Knocks But Once

It was only through good fortune that this splendid tract of land was obtained by men who are willing to give you this chance to obtain a large and spacious lot at auction prices. Be sure to come. Bring the kiddies. They will have equal chances in getting prizes given away. We are going to offer \$1000.00 in cash prizes on this subdivision. Be sure to come. You won't have to buy to win. Be there to get your share of this property on the very easy terms offered. The terms are: One third down on day of sale, one third in 6 months, one third in 12 months. If these terms are not satisfactory others can be arranged. 2% discount for cash on all deferred payments. There will be a Guaranteed Policy with each and every lot.

Saturday and Sunday, June the 18th and 19th, will be your lucky days.

Remember the date. Come early and make your selection of the lots you want.

HAPPENINGS IN NEARBY TOWNS

Again the date when the end of the world is to come has been determined upon at least according to Mr. Voliva who says the date is 1935. What has become of the millenium Mr. Voliva does not say.

Henry Stevenson, former manager of Zion Luce Works, has been appointed to succeed L. J. Vermeer as secretary and manager of the Waukegan Retail Merchants Service bureau, an organization made up entirely of business and professional men of the city.

Johnsburg is to have a three day religious festival commemorative of the eighty-fifth anniversary of the St. John's Parish of the Catholic church there and of the completion of their beautiful new church.

Plans are under way to mark Green Bay Road, the oldest highway in Wisconsin, and in the middle west. It was established in 1834 and has been the chief artery of travel between Chicago and Milwaukee practically ever since. The Wisconsin Society of Chicago and the Wisconsin State Historical society will provide the markers.

The Chicago North Shore and Milwaukee Railroad is to paint the lead car in each train deep yellow. It is believed that this color, which may be seen for a long distance will help to prevent accidents. It was found that the green cars had a tendency to blend in with the landscape.

Have you a hitherto unknown cousin and does he know of riches that you may obtain for a small cash outlay? The question was answered in the negative quite emphatically by E. O. Deland of Waukegan who evicted the enterprising stranger without much ceremony. A few years ago Waukegan and vicinity suffered from an epidemic of cousins and residents of the city and Lake county are warned to be on their guard against that form of swindle.

A compromise was effected this week on the Deerfield road dispute and work will be hurried to completion.

The Milk Producers' Association, in a meeting at Elgin last week, decided to inaugurate a campaign for additional membership in order that effective steps might be taken to boycott Chicago milk distributors unless a fair price was paid for milk in the Chicago Milk district.

Jon. Orlusky, Waukegan merchant, recently purchased the Burnette estate on Washington and West Streets in Waukegan and will erect a three story apartment building there.

Chief Tiffany and his department were recently complimented in a communication sent the chief by the Lake Forest council. The apprehension and arrest of the Williams Bros. store robbers and the arrest of Otto Reschall, Lake Forest chauffeur, charged with the murder of Wilma Miller, were cited in the communication.

Hazel Schold of the Wilmot graded school ranked first and Leroy Rowbottom of the Bristol state graded school third among the 153 graduates of the eighth grades of Kenosha county.

Two homes in Gurnee were robbed last Wednesday and a sum of money in excess of \$300 was taken. Attempts were also made to gain entrance in four other places. At the home of Clarence Zimmerman the

LAKE VILLA NEWS NOTES

Mr. and Mrs. Wm. Walker and younger daughter, June, drove to Escanaba, Mich. on Friday and returned Sunday. They went by way of Milwaukee and visited an aunt of Mrs. Walker.

The F. M. Hamlin home is in quarantine for scarlet fever. Bojan, the daughter of the family, is the one who has it and is in charge of a nurse.

Mr. and Mrs. C. D. Hamlin spent Sunday with Mr. and Mrs. Ben Hamlin in Waukegan.

Miss Margaret Gilbert of Waukegan is spending some time with her sister, Mrs. Horace Culver.

Mr. and Mrs. Ernest Hook of Waukegan spent Sunday with their son, Victor Hook, and wife on the home farm.

Lee Sherwood had quite an accident last week when his Ford collided with a Packard on Route No. 21 south of Grayslake. He was forced to use crutches for several days as a consequence.

A great many families from our village were represented at the graduating exercises at the Antioch and Warren township high school exercises last week.

Mrs. Daube is quite ill with rheumatism.

Mrs. Albert Kapple entertained the Bridge club at her home Thursday afternoon.

Mr. and Mrs. Seeger of Lindenhurst farm entertained relatives from Rockford Sunday.

Mr. and Mrs. Tracy L. Peterson of New Bedford, Ill., stopped off at C. B. Hamlin's for a short stop on their way home from Baraboo, Wis., where they had been on their wedding trip. Mrs. Peterson will be better known to some as Orutha Monson.

Mr. and Mrs. Owen and children

loss was greatest due to the fact that Mr. Zimmerman, who is a merchant in Gurnee, had brought home the strong box from the store. At the home of Charles Hook the sum of \$945 was taken. The sheriff's office took finger prints and examined the premises at once but no arrests have yet been made. It is thought that the robberies were committed by a lone man.

are attending the South Shore Country club horse show this week as Mr. Lehmann has several horses there. O. W. Lehmann also sent several entries for the show.

Miss Hilda Wolff has resigned her position in the Avery office and Miss Elsa Seeger has taken her place.

Mr. and Mrs. James Atwell visited relatives in Waukegan early last week.

Church Notes

On Sunday afternoon, June 12th, the class of instruction under the leadership of their instructors, Mr. and Mrs. McKelevy, enjoyed a picnic. They were accompanied by Mr. McKelevy's guest of the day, Mr. Patterson of Chicago. They went to a beautiful spot in Mr. Craft's woods and there spread a bountiful lunch.

After giving thanks, everyone enjoyed the lunch with its trimmings of lemonade and ice cream. A few visitors came and the remainder of the afternoon was spent in playing games and telling stories, after which everyone present pledged themselves loyal to their church. Several songs were sung, and the bon fire lighted after which the dishes were packed in their baskets and the crowd departed homeward bound, everyone happy in having the privilege of spending the beautiful afternoon in such a pleasant helpful way. Many thanks are due to Mr. Craft and his family and to all who helped.

Children's day will be observed next Sunday, June 19, at 10:30 a. m. Standard time.

Parents may bring their children at this time. The young people who have been in the class of instruction during the past months will be received into membership in the church. There will also be a reception service for adults.

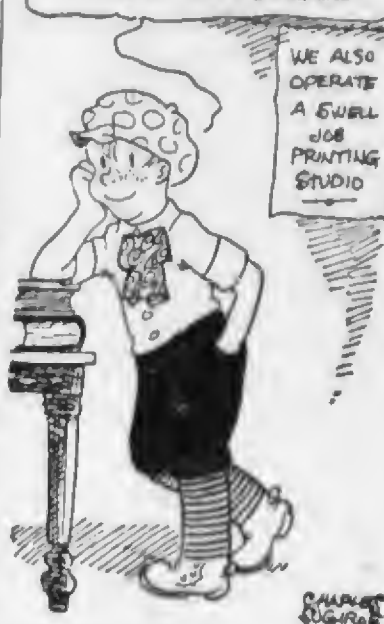

NOTICE

Members of the Fox Lake Cemetery association who have not paid their last years dues please remit \$1.20 to the secretary before July first. The dues for the coming year are payable the first of November.

Antioch 12; Foresters 8.

The Antioch Amateur Baseball team kept pace with the leaders in Lake County League Sunday when they made an easy win over the Waukegan Foresters with a score of 12 to 8. J. Morley, former Lake Forest College star, pitched a heady game for the winners, pitching shut-out ball the first five innings eased up toward the finish after the locals had piled up a big lead. He kept the hits well scattered and struck out 1, passing only 3. Hedlen, the opposing pitcher, was hit hard in the pinches and was also accorded some poor support.

Morley with a single and double, and Sullivan with a single and home featured with a stick for Antioch. W. Steininger batted out a long home run in the ninth. Sullivan with 3 runs and Lasco with 2 led the scoring for the locals. Fielding honors for the day went to Simpson for a great running catch in short right field. Dowe, R. Hedlen, and Lux were the offensive stars for the losers, getting 7 hits between them.

For the first time this season Antioch was able to put its full strength on the field, and the team played with last year's form when it was credited with being one of the amateur aggregations in this part of the country. Hitting has been good, and with new strength added to their lineup and a schedule of three practices a week it is expected that they will be off for a winning streak. In W. Steininger, Morley and Ed Drom they have 3 pitchers who should be able to hold their opponents down to a low score. Drom, an Antioch boy, had a very successful season at the University of Illinois, winning nine out of ten games in the fraternity league.

Next Sunday Antioch will play the Johns-Manville Fireaters from Waukegan. The visitors hold the league record of 25 runs in one game and are one of the strongest combinations in the league. Their defeat would advance Antioch into third place in the league. The game is to be started promptly at 3 o'clock p. m. daylight saving time. The team will appear for the first time in their new uniforms, and are going to try hard to break them in with a winning game.

The Antioch Ball club takes this opportunity to express their thanks to the following business firms who donated toward the purchase of the new uniforms and to invite the members of the firms and their families to be the guests of the management, free of charge, at next Sunday's big game: Robt. Aht, H. P. Lowry, First National Bank, Antioch News, Antioch Lumber and Coal company, H. R. Adams Lumber Co., Chase Webb, S. H. Reeves, Wm. Keulman, Dr. Hardin, Antioch Oil Co., Antioch Palace, Hillebrand and Shultis, Vincent Dupre and Otto S. Klass.

COUNTY OFFICIALS REPORT EARNINGS

(Continued from page 1)

six year term in that position. The appointment was unanimous, action being taken after it was learned from County Clerk Lew A. Hendes that Lobdell had passed the examination for this office given by the state highway chief. Lobdell succeeded to the temporary appointment to the office after the resignation of Charles E. Russell.

Russell received a salary of \$5,000 per year, as did also Lobdell during the time that he was acting chief, and it is assumed that the committee on fees and salaries, to whom the question was referred, will recommend that the pay remain the same.

Report on Highway Progress Made
In reporting the progress for the last quarter, Lobdell cited the completion of the pavement on Green Bay road and stated that it would be open to traffic on June 29th or 30th. He reported the acceptance of three sections on the Rockland road and 2 on the Grand avenue road. Other activities mentioned by the superintendent were, three fourths of a mile of pavement completed on Wadsworth road; section completed on Grayslake road; work begun on Millburn road, and Round Lake-Long Lake road; the completion of the Deerfield road bridge and the completion of the surveys for the county aid bridge over Squaw Creek; and the awarding of the contract on the Ivanhoe-Grayslake road.

Supt. Lobdell called attention to the fact that regular patrolling of state aid roads was begun April 1st but, due to the great amount of rain in April and May, it had proven almost impossible to keep the roads in first class condition. Supt. Lobdell continued, "Now that we have had some warm dry weather, our state aid roads are rapidly improving and I believe they will soon be a real credit to our maintenance department." The gravel crusher was late in getting started due to the excessive rainfall, according to the report, but it was expected that it would continue in operation from now until winter.

Police Woman Not Appointed
Efforts to obtain a police woman were unsuccessful due to the fact that no funds were available for such work unless they could be appropriated from the income of the sheriff's office. That this can be done is considered extremely doubtful.

The balance of the time of the board was taken up in listening to

expert opinion on the proposed amendments to the county zoning law. Charles Kingery, secretary of the Chicago Regional Planning association appeared before them. Dance hall licenses were granted to W. O. Winch of Channel Lake and Mary Stanton, Long Lake.
